Dear Judiciary Chair, Vice Chair and Committee Members,

I am Commissioner Elinor Thompson and I have served for years on the Maryland African American History and Culture Commission. While I do many things and do them well. Being human is one of the things I do best.

My testimony is short as my heart is broken as I just got word moments ago that a very close friend has been diagnosed with Cancer. I have buried my Mother, Grandmother, Aunt, Husband and Sister in Law all from Cancer. I heard what happened to Jennifer's grandmother it should never have happened.

I urge you to pass HB0868 Granny's Law and do what is right in the eyes of the Lord.

Sincerely,

Commissioner Elinor Thompson
