

Hello My Name is Jackie Long, I am from Baltimore County Maryland.

My Son Ryan was born on a super bowl Sunday, it became like a 2nd birthday for Ryan, We celebrated his birthday and then on Super Bowl sunday this is one of them pictured on this shirt.

I recently viewed photos and videos of our family vacation in Maine from July 2021, so many of them are of Ryan and the kids playing on the beach throwing sand and seaweed on each other.

<< That was our last family vacation with my beautiful Son Ryan. >>

The drugs he and his gf thought was cocaine and or Adderall on November 23, 2022 with 3 to 4 times the lethal dose of Fentanyl.

Her mother found them not breathing and called 911, but they were gone!

It only takes 2 mgs of illicit fentanyl mixed into cocaine or any drug to kill a person.

My son DID NOT WANT TO DIE. The person distributed this poison was never investigated our families suffer while those responsible continued to distribute illicit fentanyl That dealer that poisoned my son and his girlfriend to death was and maybe still is out there.

We don't know how many more mothers mourn and families torn, by a distributor of death.

The opposition would have you believe this crisis requires only one solution.

We are experiencing things we've never experienced before. We need
