

Election Law - Voter Registration List - Absentee Voters (Absentee Ballot  
Transparency Act of 2025)

I am writing in support of HB0285. This would allow candidates to obtain information with which to contact voters in the runup to an election, to provide voters with information, thereby enhancing the democratic process. It also makes voters feel more connected to their candidates. Many times I received positive support and feedback from voters because it made them feel involved in the political process, enabled them to ask questions, and they were happy that a candidate cared enough to reach out to them. Thank you.
