

Written Testimony for **HB 115: Election Law - Polling Places - Establishing Voter Identity (Voter Privacy Act of 2025)**: Please **VOTE YES** on this bill.

Dear Ways & Means Committee:

This bill's synopsis reads: "...Authorizing a voter to establish the voter's identity at the request of an election judge at a polling place by presenting the voter's registration card, a valid Maryland driver's license, or any identification card that contains a photograph of the voter and is issued by a political subdivision of the State, the State, the federal government, or any unit of a political subdivision of the State, the State, or the federal government..."

I agree with establishing a voter's identity in order for a person to vote. It is imperative that we, as a country, eradicate voter fraud by any and all means possible. This is a very good start to accomplishing the eradication of voter fraud. I especially like that part of the bill where a voter has to "...state the month and day of the voter's birth and comparing the response to the information listed in the election register..."

Please show all Marylanders that you are in favor of eradicating voter fraud by **VOTING YES** on this bill.

Thank you.
