

Written Testimony for **HB 680**: Municipal Elections - Voter Registration - List and Qualifications - Please **VOTE YES** on this bill.

Dear Ways & Means Committee,

This bill reads "...Requiring each municipality to require voter registration for its elections; and prohibiting an individual from becoming registered to vote in a municipal election if the individual is not a citizen of the United States..."

I love this legislation! This is the kind of legislation we need in the state of Maryland. This is the way elections should be run. Every single jurisdiction should require voter registration, and no one should be allowed to vote if they are NOT a citizen of the United States of America.

This is the only way that there will be fair elections! This is the only way that there will be elections free of voter fraud! And that is what all Americans deserve!

That is why I respectfully request that you all **VOTE YES** on this bill.

Thank you.
