

## Testimony For HB0285

Honorable Delegates

Please enter a favorable report for HB0285.

I support:

- Requiring the State Board of Elections or a local board of elections, on request of a candidate, to provide the candidate with a list of registered voters who have requested an absentee ballot for an upcoming election; and
- requiring that the list of absentee voters provided include the e-mail address and telephone number of each voter on the list, if the information is available.

I believe that having this data will help candidates and their supporters to send reminders to these voters with absentee ballots. These voters are more likely to vote, thus spending money to contact these voters would be a better return on investment than just contacting all voters in their districts.

Please enter a favorable report for HB0285.
