Subject: Support for House Bill 1192 - Rescission of Exempt Status for Nonprofit Organizations Supporting Terrorist Organizations

Dear Members of the Ways and Means Committee,

I am writing to express my strong support for House Bill 1192, which seeks to rescind the tax-exempt status of nonprofit organizations found to be supporting terrorist organizations. This bill is a crucial step towards ensuring that Maryland's tax benefits are not misused to support activities that threaten our national security and public safety.

Nonprofit organizations play a vital role in our communities, providing essential services and support to those in need. However, it is imperative that we maintain strict oversight to ensure that these organizations are not exploited for nefarious purposes. House Bill 1192 addresses this concern by establishing a process for the Comptroller and the Director of the State Department of Assessments and Taxation to regularly determine whether a nonprofit organization has been found to support terrorist activities.

By rescinding the tax-exempt status of organizations that provide material support to terrorist groups, this bill will help prevent the misuse of public funds and resources. It will also send a clear message that Maryland is committed to upholding the highest standards of integrity and accountability in its tax policies.

Furthermore, the bill includes provisions for the reinstatement of tax-exempt status for organizations that have rectified their actions and are no longer involved in supporting terrorist activities. This balanced approach ensures that organizations have the opportunity to correct their course while maintaining the necessary safeguards to protect our communities.

In conclusion, I urge you to support House Bill 1192 and the efforts to ensure that Maryland's tax benefits are used responsibly and ethically. This bill represents a significant step towards safeguarding our state and its residents from the threats posed by terrorist organizations.

Thank you for your consideration.

Sincerely,
