

The Right ToPlay

Hello my name is Eli Rider. As a high school student who loves both basketball and baseball, I really hope that Bill HB1185 gets accepted. It's a bill that would allow homeschooled students like me be able to play on the school's sports teams. I've been practicing basketball and baseball for years, but since I'm homeschooled, I don't have the same opportunity to play with my peers on public school teams. I'm really good at both sports, and I know I could help the team

out, and receive coaching that will improve my game. If this bill passes, I'd be able to join the team, play with my friends, and compete in games. I just want a fair chance to show what I can do and be part of the team like every other student. Please support this bill!
