Dear Delegate Roberts,

I am submitting written testimony in favor of House Bill 935 "Public Schools – Venue-Specific Emergency Action Plans – High School Football Games." This Bill will alter the requirements of a venue-specific emergency action plan to include the on-site presence of a licensed athletic trainer or an ambulance at each high school football game; and generally relating to venue-specific emergency action plan requirements. This Bill will allow the prompt medical treatment for any players who become injured or experience a medical emergency.

Thank you for your review and favorable consideration of House Bill 935, which will improve the safety and wellbeing of students playing high school football. Your support is greatly appreciated.

Sincerely,

A handwritten signature in blue ink that reads "Tiffany D. Green".

Tiffany D. Green
Fire Chief
