

Oppose HB1455: State Retirement and Pension System – Divestment From Israel

To Appropriations Committee members:

My name is Lorraine Jaffe (Montgomery County) and I am submitting this testimony in strong opposition to HB1455, which would force the State Retirement and Pension System to divest from companies doing business with Israel.

I am appalled that this kind of legislation would still be coming up even after the October 7th massacre. This is just outrageous.

I think the sponsors must have better ways of spending their time than to try to think of ways to disrespect Israel.

Please give this bill the unfavorable report it deserves. This is just too much.

Thank you,
Lorraine Jaffe
