TESTIMONY IN SUPPORT OF SB58
Property Tax Credit- Retail Service Station Conversions

Budget & Taxation Committee
January 21, 2026

Chair Guzzone, Vice-Chair Rosapepe and Members of the Committee,

Thank you for the opportunity to testify before you on SB58, Property Tax Credit – Retail Service Station Conversions. The purpose of this bill is to allow the counties and Baltimore City to grant property tax credits for property owners who convert former retail service stations into new residential and/or retail uses.

In recent years, major automobile manufacturers such as Ford, Honda, and General Motors have announced plans to expand their electric vehicle production. The writing is on the wall for retail service stations— gas-powered cars (or internal combustion engines,) are being phased out and we need to plan for a future where consumers are simply not purchasing gas at the level they used to. Rather than allowing hundreds of viable properties to remain abandoned and under-utilized, we should embrace this transition as an opportunity to revitalize communities and create pathways for new growth and opportunities.

SB58 will authorize counties and Baltimore City to provide property tax credits for real properties that have been repurposed from a retail service station to alternative uses. These could include mixed commercial and residential areas but exclude nuisance businesses such as self-storage facilities and discount retail stores. It will help to offset the significant cost of converting these sites, including expenses related to addressing and/or removing underground storage tanks.

This tax credit for retail service station conversions will have the potential of transforming our neighborhoods, thus, paving the way for new homes and job opportunities for Marylanders. It is time to start taking the necessary steps to uplift communities, preserve local economies, protect the environment, and conserve the future of our planet. For these reasons, I am requesting a favorable report of SB58.

With kindest regards,

A handwritten signature in cursive script that reads "Benjamin T. Brooks".
