

I am writing in full support of HB1221, the Jillian and Lindsay Wiener Short-Term Rental Fire Safety Act. As a close friend of Lindsay's, it is difficult to fully express in words how deeply important this bill is to her friends and family. Passing this legislation would mean so much to those of us who love and miss her every day. More importantly, it represents meaningful action. I wholeheartedly advocate for the passage of this bill, as Lindsay and Jillian's memory deserves to be honored.
