To whom it may concern,

I am writing this letter to show support for **Senate Bill 624 Public Safety – Short-Term Rental Units – Fire Safety (Jillian and Lindsay Wiener Short-Term Rental Fire Safety Act)**.

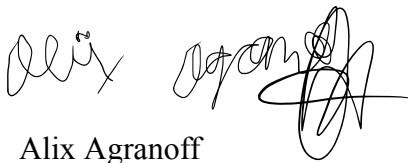

SB 624 is an urgent matter; if passed, it will go on to save many lives.

As I'm sure you've noticed, the proposed bill is named after Jillian and Lindsay Weiner, who were killed in a fire while asleep inside of a short-term rental unit. When I was processing the news of their passing, a core question rang through the devastation: how could this tragedy have been prevented?

After the incident, it was found that the unit's electrical system was overloaded by an illegal outdoor kitchen and lacked smoke detectors with functioning back-up batteries. Individuals who choose to profit by renting out their property must be held to the basic standard of ensuring that renters will be safe.

As a community, it is crucial that we honor those who have died by doing everything in our power to prevent more senseless loss. Not only will the passing of this protective bill keep numerous future short-term renters and their families safe, it will also honor and preserve the memory of Jillian and Lindsay. Vote **YES** on **SB 624**.

Sincerely,

A handwritten signature in black ink, appearing to read 'Alix Agranoff', with a large, stylized flourish at the end.
