

HB1221 – Written Testimony

Position: Favorable

Submitted by: Katherine Bohigian

My name is Katherine Bohigian. I am testifying in favor of HB1221 because Lindsay Wiener, one of my closest friends, and her sister, Jillian Wiener, lost their lives in a short-term rental. No one should have to experience the pain and loss that so many have felt after their passings. Basic fire safety measures are simple requirements that could save lives. Please pass HB1221.
