HB1221
Public Safety - Short-Term Rental Units - Fire Safety (Jillian and Lindsay Wiener Short-Term Rental Fire Safety Act)

Please find this as my written testimony in support of this Bill.

Thank you to Maryland Senator Brian Feldman and Maryland Delegate Linda Foley for bringing this bill forward to pass legislation in the State of Maryland on a fire safety bill to make short term rentals safer for the public.

Since August of 2022 I have witnessed on a daily basis my dear friend Alisa and her son Zachary and her late husband Lewis navigate a world without their two daughters, Jillian and Lindsay. And in the midst of there tragedy work towards making short term rentals safer so no other family has to suffer as they have.

Thank you,
Maura Kilner
