

## **Testimony – BILL HB1221**

This bill is highly important for the safety of others and to avoid any tragedies in the future. Passing the Jillian and Lindsay Weiner Short-Term Rental Fire Safety Act will help ensure that no other families have to endure a loss as horrible and avoidable as this one.

The lives of two young women were taken from this event, and the lives of many were forever impacted. I favor this bill being passed as it serves a higher purpose in honoring the lives lost and decreases any chance of this happening again.
