Maryland General Assembly

Hello, my name is Peter Lee and I am a constituent residing in District 3. I am writing this to urge you to please say no to Senate Bill 4.

I am a faithful Christian who was born and raised in the church. All of the views I have are derived from the Bible and the church that helps guide me through what the Bible says. If the rights of the church to speak on political parties or representatives, whether positive or negative, is taken away, you are taking the guidance that I am receiving in living out my life as a Christian. I know that I am flawed in my discernment, so having guidance from the church who is rooted in the Bible in ALL aspects of my life (including politics) helps me to make sure that I am living according to the Word which is my firm belief.

So again please vote against this bill. It takes away from the foundations of my belief and hinders my ability to live as a Christian. Thank you.
