I write in support of HB 1503, which would enable Carroll County to create planning commissions for certain areas, and to create districts to encompass those certain areas. HB 1503 would empower local government to achieve a greater measure of responsiveness to local needs and concerns by providing another method with which to respond.

After all, there may be circumstances and conditions which warrant such planning commissions, whether briefly or over an extended period of time.

While the creation of such a commission is not to be taken lightly; and the threshold compelling their creation exceptional; and alternative courses exhausted, impossible, inadequate, or otherwise unequal to address prevailing issues, local government ought to have the authority and ability to create such a commission as a means of addressing those prevailing issues.

It is for these reasons I support HB 1503.

God bless,
-Joe Vigliotti
