

Education, Energy, and the Environment Committee
Senate Bill 50
Unfavorable

Honorable Chair, Vice Chair, and Members of the Education, Energy, and the Environment Committee;

Please give Senate Bill 50 an Unfavorable report.

It's no surprise that someone who voted for a pedophile for president is obsessed with children's genitalia. It's also not shocking that members of the fascist party gleefully join Trump in persecuting transgender people, doing their best to encourage the genocide of one of the smallest, most vulnerable, and most misunderstood minorities in the country.

I urge you to stand against Senate Bill 50 and the people who consistently make horrible and unfounded accusations against transgender people. Be an ally to, if not an advocate for Queer people in this state. And, if you don't already have transgender people in your lives who you care about, please make an effort to participate in LGBTQ+ advocacy events so you can have personal experiences from which to draw when faced with the dehumanization of transgender people.

Thank you.

Sincerely,

Debi Jasen
