

FAVORABLE WRITTEN TESTIMONY

SB517

I submit this favorable written testimony in support of Convention of States SB517. It is now certain that an Article V Convention of States will take place in the near future. Whether or not a State's General Assembly concurs with the underlying principles of such a Convention, it will be necessary for every State to send a delegation to the Article V Convention of States to ensure that every State is properly represented in such a momentous event. This bill specifies the rules and expectations for members of the State delegation to the Convention. Every Marylander must be properly represented at this historical event. Thank you for your consideration

David E. Hafer
