

Written Testimony on SB 1005 (Maryland–National Capital Park and Planning Commission  
General Counsel and Powers of Local Planning Boards – Alterations)

I am writing to ask that SB 1005 not be advanced. I am a Prince George's County resident and I do not understand why such a sweeping reorganization of the Planning Commission is necessary. It has been pushed forward at the last minute with hardly any explanation to county residents or public debate. There also seems to be concern from both Montgomery County and Prince George's former commissioners that the move would come at large cost to tax payers, potentially and would create less efficiency and more redundancy. Please set this bill aside until more debate and public transparency is available.

Sincerely,

Heather Kerley
