

March 12, 2026

Dear Feldman, Vice-Chair Kagan and Members of the Committee,

We urge you to support SB229 designating the month of May as Maryland Native Plant Month—a bipartisan, no-cost, no-mandate initiative that strengthens our environment, economy, and communities.

Why It Matters Now

Maryland faces urgent environmental challenges: habitat loss, invasive species, polluted runoff, and climate change. Native plants are a simple, sustainable solution:

- **Protect Waterways:** Deep roots prevent erosion and polluting stormwater runoff, safeguarding streams, the Chesapeake Bay, and Maryland's famous native Blue Crabs and Rockfish.
- **Support Pollinators & Agriculture:** Native plants feed and provide necessary habitat for bees, butterflies, and insects essential to the production of crops grown for human consumption.
- **Preserve Biodiversity:** Natives sustain our wildlife, local ecosystems and can help reverse the decline of imperiled species like the endangered Baltimore Checkerspot Butterfly, our state insect.
- **High Impact, No Cost**

A formal Native Plant Month would boost local businesses—nurseries, landscapers, farmers—and empower education and outreach efforts statewide. Unlike one-time proclamations, legislation ensures lasting impact without spending public funds or adding mandates. By simply choosing to plant a native plant, nearly anyone can help our environment.

We invite individuals and organizations across Maryland to sign this letter in support. Let's make May Native Plant Month—and take a meaningful step to protect our natural heritage and grow a greener future.

We urge a favorable report on SB229 to make every May Native Plant Month in Maryland, joining 44 states and D.C. that have issued proclamations, eleven of which have codified this initiative into law.

Sincerely,

The undersigned individuals support Native Plant Month SB229/HB217:
