

Education, Energy, and the Environment  
Senate Bill 659  
Favorable

Honorable Chair Feldman, Vice Chair Kagan, and Members of the Education, Energy, and the Environment Committee;

We, the Steering Committee of anti-bigotry group One Pasadena, urge a favorable report for Senate Bill 659.

One Pasadena has worked with many other organizations in Anne Arundel County on issues related to prejudice in the schools. Gathering accurate information about discriminatory incidents has been a significant challenge. We strongly believe that it's imperative that such occurrences be recorded so they can be addressed. Please vote in favor of Senate Bill 659. Thank you.

Sincerely,  
The One Pasadena Steering Committee  
Pasadena, Maryland
