HB0829 - Public Utilities - For-Hire Drivers and Transportation Network Operators - Human Trafficking Awareness and Prevention Training and Liability

FAVORABLE

For hire drivers can be one of the key players in the fight against human trafficking if they know what to look for and how to report suspicious behavior quickly and to the correct sources. Assurances that they cannot be held civilly or criminally liable for reporting or responding to in good faith a suspected incident of human trafficking is important as well.

I request that you return a FAVORABLE VOTE in this fight against human trafficking.
