

Subject: Opposition to House Bill 1190

I am writing to express my opposition to House Bill 1190

There should be no exemptions for off-grid electricity providers, especially if this is a prerequisite to allow a data center to be built in our county.

Laws intended to protect the environment and ensure that we all have access to clean air, water, and land should never be exempted for any reason. It wholly defies the purpose.

Thank you for your consideration regarding this matter.

Sincerely,

Desiree Bullard
