House Bill 0702

Dear Delegates,

My name is Susan Stevens and I would like to support HB0702 that will extend a utility rebate to co-ops. I live in the Promenade Towers, which is a housing corporation. Residents here deserve the same consideration that all other Maryland residents have to lower electricity bills.

I am a person who turns off lights when I leave a room and unplug my computer cords when I'm not using them. I try to use energy efficiently, but I reap little benefit when, as Governor Moore has stated, we have some of the highest utility costs in the country. It would really help a lot to allow The Promenade to be included in the rebates. This would be especially true for those of us on fixed incomes.

Thank you to all who serve in the Maryland Assembly and especially to Delegate Korman and Senator Love for their understanding and support for our request.
