

**Committee:** Senate Finance Committee

**Bill:** Senate Bill 485 - Public Health - Women's Health Care Data - Report

**Hearing Date:** February 19, 2026

**Position:** Oppose

---

The American College of Nurse Midwives (ACNM) opposes *Senate Bill 485 - Public Health - Women's Health Care Data – Report*. We are opposed because this bill imposes burdensome reporting requirement for healthcare providers. The data collected under this bill would be too inconsistent for a true cost analysis. We ask for an unfavorable report. If we can provide any additional information, please contact Robyn Elliott at [relliott@policypartners.net](mailto:relliott@policypartners.net) or (443) 926-3443.
