

**Testimony on Senate Bill 0504– Favorable
SB0504 – Data Privacy – Consumer Data, Public Records, and Message Switching
System (Data Privacy Act)**

Finance Committee

February 24, 2026

Dear Honorable Chair Beidle, Vice Chair Hayes, and Members of the Committee,

My name is Lisa Sullivan, and I am a resident of St. Mary's County, Maryland. I am writing in support of SB0504 – the Data Privacy Act. I have been alarmed with the Federal Government's overreach of personal data collection since the early days of DOGE and the acknowledgement that Sensitive Data was not uploaded to non-secure databases. We cannot continue to have that occur at Federal and State levels.

I support SB0504 because current loopholes in Maryland's privacy laws allow sensitive personal data collected by state agencies to be funneled to Immigration and Customs Enforcement (ICE) through third-party data brokers, law enforcement data-sharing networks, and automated license plate readers. This turns state agencies into pipelines for federal immigration enforcement, undermining community trust and endangering families.

This bill closes those loopholes by preventing third parties from sharing driver data with ICE, stopping records requests from being used to target immigrants, and protecting geolocation and digital data from federal exploitation. These are commonsense reforms that ensure Maryland's privacy laws live up to their intended purpose. When personal data is misused, everyone's privacy is at risk—not just immigrants'. State agencies should be a shield, not a conduit, for ICE.

For these reasons, I respectfully urge the committee to issue a favorable report on SB0504. Thank you for your time and consideration.

Sincerely,
Lisa Sullivan, St. Mary's County, MD
