

I am writing to urge you to oppose the proposed redistricting plans, because they undermine fair representation, weaken public trust in our elections, and silence the voices of everyday voters.

7/31/2026

My name is Joseph Lewis and I live in Mount Airy, MD 21771 I am writing to you today as a concerned constituent to state my strong opposition to the newly proposed redistricting maps.

Why the New Maps Harm Our Community

- **Voters should choose their leaders:** The process of drawing district lines should reflect the true will of the people, not allow politicians to pick their own voters.
- **Undermines fair representation:** Redrawing maps outside of the standard, fair timeline breaks apart tight-knit local communities and harms our shared voice in government.
- **Destroys public trust:** Changing boundaries for short-term political gain damages confidence in our democratic system and creates needless division.

What I Ask You To Do

I respectfully ask that you reject these proposed maps. Please stand up for fair and honest elections by voting against any redistricting plan that prioritizes party power over the rights of the people.

Thank you for your time, your public service, and your consideration of my views on this critical matter.

Sincerely,

Joseph Lewis
