Pain Relief and Pelvic Physical Therapy, Easton and Chester,

July 31, 2026-

I oppose HB 2100 and SB 2100 . This is a power grab. These bills silence those of us who live on the eastern shore. We have different needs from those on the western lands of Maryland. This is disenfranchisement. This steals our voice. The bill, if passed, will legalize what is currently illegal in our state constitution.

Do not allow the eastern shore to lose our representation.

Sincerely,

Jane Franczak

29756 Captain Adamowski street

Easton, MD 21601.
