**House Bill 1010 - Election Law - Certification of Election-Supporting Technology - Regulations,
Review, and Evaluation - FAVORABLE**

Dear Government, Labor, and Elections Committee Members:

As a Maryland citizen I urge your support for HB 1010, *Election Law - Certification of Election-Supporting Technology - Regulations, Review, and Evaluation*.

We need ranked choice voting to be an option across Maryland. Therefore, the State Board of Elections should adopt regulations for the review, certification, and decertification of election-supporting technology and to review and evaluate election-supporting technology on or before January 1 each year; and requiring that the regulations be adopted by December 1, 2026.

I urge the Government, Labor, and Elections Committee to give HB 1010 full consideration and a favorable report.

Sincerely,

Laurie Anderson
