

Dear Politicians,

HB 2100 & SB 2100

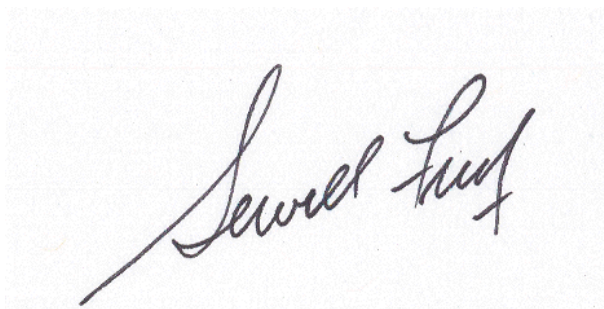

1st: Totally Disgusting the procedure to submit a comment, you all should be fired for allow such a convoluted procedure, no wonder the public holds you'll in such low esteem...FIX IT to KISS!

On to the point: RE Districting:

What you all have is a failure to communicate (this generation fails to negotiate, it's all or none, black or white) You are just jerry mandering the political system to avoid being a politician.... There is NO logical reason for re districting other than manipulating the election process...

I vote NO on redistricting...your Violating my rights to have a voice in what happens in Maryland.

Best Regards
