

HB 0067: State Government - State House Trust - Ten Commandments Monument Display Act: Please vote **TO SUPPORT** this bill.

Dear Government, Labor & Elections Committee:

I am writing to express my **strong support for HB 0067**, the *State Government – State House Trust – Ten Commandments Monument Display Act*.

The Ten Commandments have played a significant role in shaping the moral and legal foundations of Western civilization and American law. Many of the principles reflected in the Commandments—such as prohibitions against theft, perjury, and murder—are deeply embedded in our legal system and longstanding traditions. Recognizing this historical influence through a monument at the State House is an acknowledgment of history, *not* an establishment of religion.

A monument displayed in a historical and educational context serves as a reminder of the sources that informed the development of our laws and civic institutions. The United States Supreme Court has recognized that such displays, when presented in a broader historical framework, can reflect the cultural and legal heritage of our nation.

HB 0067 appropriately **places this monument under the authority of the State House Trust, ensuring proper oversight and preservation.** It allows Maryland to honor an important part of our legal history while maintaining respect for constitutional boundaries.

This legislation promotes historical awareness and civic education without compelling religious observance. It recognizes the enduring influence of foundational moral principles on the development of American law and governance.

For these reasons, I respectfully urge you to **support HB 0067**.

Thank you for your time and thoughtful consideration.

Respectfully,
Trudy Tibbals
