RE: HB1160 – Calvert County – CalvertHealth Medical Center

Dear Chair Wells, Vice Chair Kerr and Committee Members:

The Calvert County Board of County Commissioners (BOCC) writes in **support** of **House Bill 1160** and respectfully requests a **favorable** committee report.

CalvertHealth Medical Center is our community's primary health care provider, serving thousands of residents each year. House Bill 1160 updates the public local laws of Calvert County to reflect the organization's current legal name, replacing the former reference to Calvert Memorial Hospital with CalvertHealth Medical Center, Inc., and its successors.

This legislation ensures that State law accurately reflects the current structure and legal name of this important health care institution. Updating outdated statutory references will help avoid confusion in legal, financial, and administrative matters.

For Calvert County residents, maintaining clear and accurate statutory references supports effective governance and helps ensure continued coordination between the County and its primary community hospital. The BOCC believes this technical update provides clarity while maintaining the intent of the existing law.

Thank you for your thoughtful consideration of this legislation. Should you have any questions or require additional information, please contact County Administrator Linda Turner at 410-535-1600.
