

HB2100

WRITTEN TESTIMONY

CHRISTOPHER GAYLOR

HB2100 is an unfair power grab by the Majority party and a very real attack on democracy and my rights to elect officials in my locale. How can it be fair with a 60/40 dominant ratio to have a 7 to 1 congressional representatives and NOW this bill if passed, has a high likelihood of an 8/0 with no republican representation. If you are confused as to why people are leaving MD other than the 49th rated business climate and out of control taxes, gerrymandering will drive the rest of us out of MD. In the early 2000's you gerrymandered Roscoe Bartlett's seat and my voice has not been heard since with additional gerrymandering stunts in my district. Honestly, this legislation is a disgrace to MDlanders!

DO NOT PASS THIS UNDEMOCRATIC LEGISLATION.

Respectfully

Christopher P. Gaylor
