

Dear Delegate Terrassa and Committee Members,

I am writing IN SUPPORT of HB1378. Unrestricted corporate funding should not be shaping our elections and certainly not have the power to decide the policies that determine our daily lives.

The wealthy – foreign or domestic - and their interests must be reined in; ours is a democracy and the fate of its people cannot be at the mercy of those who have their own profit as their guiding principle.

I respectfully request that you vote IN FAVOR of HB1378
