RE: SB0255 – Voting Rights Act of 2026 – Counties and Municipal Corporations

Dear Delegates,

We oppose and respectfully request that you vote against it SB0255.

In our busy lifestyle world, voters find it difficult to cast ballots regardless of the method they undertake. The Ranked Choice Voting method is confusing, and more time consuming resulting in extended wait times at in-person polling locations.

Other than suspected fraud in some elections, one person for one vote has worked in our country since it's founding. That part of the system isn't broken. RCV is not an improvement.

I question what big money/special interest influence is behind this bill. It reeks of a way to tamper with election results and offers no improvement to the process.

Please oppose SB0255.

Sincerely,

Christine Hunt and Jay Crouthers
