The Honorable Melissa Wells, Chair  
House Government, Labor, and Elections Committee  
145 Lowe House Office Building  
Annapolis, Maryland 21401

Dear Chairwoman Wells,

The Department of Information Technology (DoIT) respectfully submits this letter in support of Senate Bill 581, as amended.

In July 2025, under the Moore Miller Administration, the Department of Information Technology updated and published the State's Information Technology Master Plan. DoIT supports the intent of SB 581 to ensure the IT Master Plan continues to be updated and made publicly available to promote transparency and long-term strategic alignment.

As amended, SB 581 supports strategic continuity, transparency, and accountability in statewide technology planning while remaining workable to implement. DoIT appreciates the Committee's consideration of this legislation and the effort to align the bill with the State's existing planning and governance framework.

DoIT looks forward to continuing to work with the Committee on this legislation.

Best,

Katie Savage  
Secretary  
Department of Information Technology
