Maryland General Assembly

Testimony from Jessica DeGraff

I am a Maryland resident who resides in Anne Arundel County. I have been **very** displeased with Governor Moore's leadership. I want to testify against the disenfranchisement of more than million Marylanders. I am a proud republican and I think it's disgraceful what Wes Moore is trying to do to our state. He came into a surplus and now we have one of the worst economies in the country. I want my voice to be heard. Everyone has a right to vote and by making it a one party rule he will stop Americans from voting fairly in elections. No redistricting that leads to gerrymandering.

I am asking for the gerrymandering to stop now.

Everyone deserves a fair election.

Please share my testimony.

Sincerely,

Jessica DeGraff
