**RE: FAVORABLE - SUPPORT of House Bill 1382
State Procurement - Prohibited Certifications - Boycotts of Foreign Countries**

To the Chair Wells, Vice Chair Kerr, and esteemed members of the Government, Labor, and Elections Committee,

My name is Eric Musa, I am a resident of Frederick, MD, District 3. I am writing to name my support to HB 1382 the “State Procurement - Prohibited Certifications - Boycotts of Foreign Countries” bill. This bill undoes former Governor Hogan’s executive order that prevented state contractors from participating in a boycott of Israel. The existing executive order conflicts with the basic first amendment principle that people have a right to engage in peaceful political action without being coerced by the state. Executive Order 01.01.2017.25 was unpopular when it was passed, and yet has remained in place for 9 years despite a new governor, so legislative action is necessary to correct it.

The Boycott, Divest, and Sanctions (BDS) movement is one of the few ways for people worldwide to support Palestinians and meaningfully challenge Israeli apartheid and settler-colonialism. It is based on the same peaceful tactics that worked against the apartheid regime in South Africa, which were as moral and necessary then as they are now. Maryland contractors should not have to choose between their morals and their contracts.

It astounds me that we as Americans should be so willing to give away the inalienable rights given to us by the founding documents of our country for some foreign “ally” who uses our tax dollars and weapons to perpetrate war crimes and cause suffering abroad. Exercising my freedom of speech, and my willingness to use my skills for the betterment of my country, are the highest forms of patriotism. Anything less is to spit on the Constitution and the Bill of Rights, and to do so on behalf of a foreign nation that somehow gets more attention and care than the American people is unconscionable.

For these reasons and many more, **I ask the Government, Labor, and Elections Committee to give HB 1382 a favorable report.**

Thank you for your time,
Eric Musa
