

Date of Hearing: February 11, 2026

Julie Robin Solomon

Baltimore, MD 21231

TESTIMONY ON HB#350 - POSITION: FAVORABLE

Full Bill Name: VOTING RIHTS ACT OF 2026--COUNTIES AND MUNICIPAL CORPORATIONS

TO: Chair Del. Melissa Wells; Vice Chair, Del Kenneth Kerr, and members of the House Government, Labor, and Elections Committee

FROM: Julie Robin Solomon

My name is Julie Robin Solomon. I am a resident of District 46. I am submitting this testimony in support of HB#350, Voting Rights Act of 2026 - Counties and Municipal Corporations

I have resided in Baltimore City for 39 years. I belong to the ACLU and Indivdisible Baltimore. I strongly urge the Committee to pass HB350 to enact protections against racial vote dilution in Maryland. Racial vote dilution happens when electoral practices, such as at-large elections or unfair district maps, weaken the voting strength of voters of color, effectively denying them and their communities meaningful political participation. The protections outlined in HB350 are essential to ensuring that all Marylanders, particularly those from historically disenfranchised communities, have the equal opportunity to elect representatives of their choice.

For over sixty years, the federal Voting Rights Act (VRA) of 1965 served as the nation's most effective tool for tackling discriminatory voting practices. But now the Supreme Court has greatly weakened his protective powers.

Meanwhile, the federal government is not only failing to protect against intimidation and discrimination in our voting processes, but is actively advancing anti-voter policies. At a time when federal voting rights protections have been weakened and enforcement has become increasingly uncertain, Maryland legislators have both the authority and the responsibility to safeguard fair and equal access to the ballot. We must not let those who have come before us and died to protect voting rights to have died in vain.

HB350 meets this perilous moment by building on the protections provided in the federal VRA with streamlined standards and procedures designed to both protect the freedom to vote and to make this type of litigation less time-intensive and costly than similar litigation under the federal VRA. Maryland law currently contains no protection against racial vote dilution, and recent challenges to racially dilutive voting systems in Federalsburg and Baltimore County underscore the crucial need for these kinds of protections in our state.

Combatting vote dilution is an important and necessary step towards making a vision of a government that is truly of, by, and for the people a reality. When voters of color are systematically prevented from electing the candidates of their choice, entire communities are left without a voice in decisions that directly impact their lives. Simply put, prohibiting vote dilution helps create a more inclusive and accountable democracy.

HB350 strengthens Maryland's democratic institutions, honors the legacy of the federal Voting Rights Act, and helps ensure that every eligible voter has an equal opportunity to participate in choosing who represents them within their local government .For these reasons, we respectfully urge a favorable report on HB350255.
