

I am writing in support of HB964, Secure the Vote Act of 2026. In a January 2026 petition drive in my hometown of Ocean City, Maryland, when I knocked on the doors of 419 voters, I found that 67 individuals had moved. I was told that one person had “moved 8 years ago.”

Over many years of petition drives, I have found many individuals who have moved. When voters move but remain registered at old addresses, ballots may still be sent to their inaccurate addresses.

Please give a Favorable Response to HB964. Thank you.
