

Committee: House Health Committee

Bill: House Bill 1112 – Health Insurance Coverage Protection Commission – Study on Individual and Group Health Insurance Market Stability

Hearing Date: February 26, 2026

Position: Support

The American College of Nurse Midwives – Maryland Affiliate (ACNM) supports *Health Insurance Coverage Protection Commission – Study on Individual and Group Market Health Insurance Stability*. ACNM supported the creating of the Commission during the 2025 session. We support this year’s bill which directs the Commission to address emerging issues that threaten the stability of the insurance market. With the implementation of the Affordable Care Act, Maryland dropped to a 6% uninsured rate. The current federal landscape could take us backwards, but the Commission will support Maryland in developing and implementing strategies to mitigate the impact of new federal policies on Maryland’s coverage landscape.

We ask for a favorable report on this legislation. If we can provide any further information, please contact Robyn Elliott at relliott@policypartners.net or (443) 926-3443.
