

Committee: House Health Committee

Bill Number: HB 1112 – Health Insurance Coverage Protection Commission – Study on Individual and Group Health Insurance

Hearing Date: February 27, 2026

Position: Support

The Maryland Assembly on School-Based Health Care (MASBHC) supports *House Bill 1112 – Health Insurance Coverage Protection Commission – Study on Individual and Group Health Insurance*. The bill update’s the mission of the Health Insurance Coverage Protection Commission to reflect emerging issues in the healthcare landscape. As advocates for the 90 school-based health centers across Maryland, we strongly support the provision related to studying the need for additional resources for federally qualified health centers. School-based health centers are generally sponsored by federally qualified health centers or local health departments. Our safety net providers need additional support because the number of uninsured Marylanders is expected to increase because of federal policy changes.

We ask for a favorable report on this legislation. If we can provide any further information, please contact Robyn Elliott at relliott@policypartners.net or (443) 926-3443.
