

Oppose HB 0488 Election Districts -- General Assembly and Representatives in Congress

My name is Lorraine Jaffe and I have been a Maryland resident for over thirty years.

It saddens me that the Democrat majority is trying to change the Maryland Congressional map to remove the only Republican that we have in Congress. That is not fair.

It is also unfair for the Democrat majority to file this bill on a Friday and hold a hearing the following Monday -- while Maryland is under a declared "State of Emergency". This is incredible.

Please oppose HB 0488.

Thank you.
