State House

Annapolis, MD 21401

Dear Governor Moore,

I am writing to respectfully urge you to vote against House Bill 488.

A truly “fair” district map should reflect the actual percentages of Democratic and Republican voters across our state. When district boundaries accurately represent voting patterns, all citizens can feel that their voices matter and that elections are competitive, transparent, and meaningful.

Maryland is strongest when a diversity of perspectives is represented in our government. Encouraging balanced representation promotes collaboration, accountability, and thoughtful policymaking. When leaders from different viewpoints work together, the result is stronger legislation and better outcomes for the people of Maryland.

I deeply value fair elections and the democratic principles that ensure every voter is heard. For these reasons, I respectfully ask that you oppose HB-488 and support a redistricting process that reflects fairness, balance, and the true will of Maryland’s voters.

Thank you for your service to our state and for considering my perspective.

Sincerely,
