

Rules and Executive Nominations
HB482
UNFAVORABLE

Honorable Chair, Vice Chair, and Members of the Rules and Executive Nominations
Committee;

Please give House Bill 482 an unfavorable report.

Patriotic Americans do whatever they need to do in order to fight back against fascists. The Pedo Party decided that redistricting for congressional seats is a prime battleground. It's their own fault that the Dems are finally getting dirty. Reject this bill and let's do our small part to free the United States from the nazi scum that have taken over Congress.

Sincerely,
