RE: HB0482 and HB0488

Dear MD General Assembly:

We are providing written testimony opposing HB 482, Legislative and Congressional Redistricting and Legislative and Congressional Redistricting and Apportionment Commission (Fair Districts for Maryland Act) and HB0488, Election Districts - General Assembly and Representatives in Congress.

These House Bills further gerrymander Maryland's congressional districts without sufficient public input, contrary to our democracy. We are lifelong Maryland citizens and Democrats and STRONGLY request an unfavorable report.

Thank you.

Sincerely,

Pamela Engle
