

Sandra Silbermann
Regarding Senate Justice Committee
Correctional Services- Private Immigration Detention Facilities- Zoning Requirement

Dear Senator Smith and Committee Members:

My name is Sandra Silbermann and I have been a resident of Maryland for my entire 73 years of life. I am proud of my state and the legislators who represent its' citizens. I deeply believe in basic rights for all.

I adamantly favor the need for zoning requirements for all these facilities. Small towns, residential neighborhoods and those without adequate water and sewer capacities should not be subject to private companies leasing their spaces without regard for these issues.

Please pass this bill as soon as possible.

Thank-you,

Sandra Silbermann
