

Bill Title: House Bill 80, Landlord and Tenant - Residential Leases - Fee Disclosures

Committee: Senate Judicial Proceedings Committee

Date: March 25, 2026

Position: Favorable with Amendments

This testimony is offered on behalf of the Maryland Multi-Housing Association (MMHA). MMHA is a professional trade association established in 1996, whose members consist of owners and managers of more than 214,000 rental housing homes in over 1015 apartment communities. Our members house over 571,000 residents of the State of Maryland. MMHA also represents over 270 associate member companies who supply goods and services to the multi-housing industry.

House Bill 80 requires housing providers to publicly disclose fees associated with residential leases. It prohibits landlords from imposing undisclosed mandatory fees and ensures that tenants receive an itemized breakdown of costs. Additionally, the bill allows local jurisdictions to enact tenant protection laws consistent with or stronger than the bill's provisions.

MMHA is not opposed to disclosing fees prior to a prospective resident completing an application. In fact, most housing providers already provide this information to prospective residents as part of the application process.

Amendments:

- Inconsistent Patchwork: MMHA has concerns about an inconsistent patchwork of laws throughout the State. For housing providers who operate in several jurisdictions, this could become unruly. The State should set one policy without local jurisdictions enacting their own set of laws. **MMHA requests that page 3, lines 24 through 28 are stricken.**

For these reasons, the Maryland Multi-Housing Association respectfully requests a favorable report with amendments on House Bill 80.
